

Glass Fibre Flat Roof: Repair

Here we repair a defective glass fibre flat roof installed by a previous contractor. The roof leaked within 10 years due to poor workmanship and installation quality.

In this instance, we removed the defective layers and applied a new glass fibre lining to the roof. The work is accompanied by a 20-year Strandek® guarantee plus a 10-year insurance-backed guarantee from the IWA (regulated by the FCA)

Location: Cardiff, South Wales
